## What We Are Learning

We began our Clothes Study. We made a chart of things we know about clothes and things we wanted to learn about clothes. The children were surprised to learn that most of our clothes are not made in the United States. They are eager to learn how clothes are made and end up in our local stores.

We read the book Caps for Sale. Ask your child to tell you about the book.

## Looking Ahead

Next week we will learn about the features of our clothes. We will explore the sizes of our clothes and other things as we read *Goldilocks and the Three Bears*.

Our vocabulary words will include: small, medium, large, tape measure, ruler, equal, smaller and bigger. See which of these words your child can already tell you about using items in your home.

## Conscious Discipline Corner

Rituals are the events that connect us.

I Love You Rituals require four critical ingredients: eye contact, presence, touch and playfulness. This is the recipe for a healthy connection.

What rituals does your family have?

## Fun Things to Try At Home

Visit your local library and check out books to read with your child at bedtime. Your child will look forward to this bedtime routine.
