School Hours:

7:45 a.m.-2:45 p.m.

English Language Arts

This month students will be able to determine a theme from text details and summarize a story. Students will use context clues to identify the meaning of unknown words.

Math

May is math in action month. Students will revisit sticky standards. Students' math goals are to master those math standards.

Writing

Students will continue the writing process, focusing on writing for middle school.

Science/Social Studies

Science will consist of review stations where students will get to go back and redo experiments. Students can explore circuits, force and motion.

UPCOMING DATES TO REMEMBER
