School Hours:

7:45 a.m.-2:45 p.m.

Reading

We will begin Unit 2 this month. Encourage students to find text evidence when reading a passage and answering questions. Reading a mixture of fiction and non-fiction will help students become proficient in both. Have you checked your child's AR progress lately?

Math

Students are learning about multiplication. Starting with finding patterns on a number table and moving to different types of multiplication properties. They should be familiar with the concept of repeated addition, an operation, and we will be learning/reviewing parts of equations. October will also focus on 2 step word problems using all 4 operations.

Writing

Your child is being familiarized with writing in response to various texts they have read. They are also in the beginning stages of the writing process drafting a narrative writing essay and the introduction of an opinion essay.

Science/Social Studies

Students have been learning about various monuments and landmarks that are important to our nation. Students have been reading and discussing what we can learn about U.S. history from these important people/places. Science in October we will be working on States of Matter.

UPCOMING DATES TO REMEMBER
