**School Hours:**

7:45 a.m.-2:45 p.m.

### English Language Arts

Students will be reading to find the theme or central message of a story. They will also need to understand how the beginning of the story introduces characters and the ending concludes the events. Students will be working on finding connections in a story using sequencing, cause and effect, and compare and contrast.

### Math

Students will be measuring in inches and centimeters. They will work to solve how much longer one item measured is than another. They will also work to solve measurement word problems up to 100.

### Writing

Students will be working on writing in response to a story or text.

### Science/Social Studies

We are learning all about weather.
